In response to increasing risks of exposure to the coronavirus (COVID-19), all the Committee and Commission meetings will be conducted and participated via Zoom. Video conferencing via Zoom will allow the Commission/Committees and County to adhere to social distancing requirements of the Brown Act and provide a way for the public to provide public comment live during the meeting.

Due to the modified meeting format and tele-conferencing meeting procedures, the Chair may choose to allow public comment on the project in an alternative fashion, rather than calling for those in favor, those in opposition, those neutral, and then any rebuttals or surrebuttals. The Chair may take public comment on the project in any order in lieu of the calling for those in favor, opposition, neutral, rebuttals, and then surrebuttals.

The Committee and Commission may elect to allow the applicant or applicant representative a specific time to speak on the project prior to taking public comments on the item. This opportunity could have a specific time length allotted, such as five or ten minutes.

As a reminder, those who wish to provide information during the public comment are not required to provide their name. County staff will notify the Chair of any individuals who wish to provide testimony and will limit the testimony to the time limit identified by the Chair.

If an item on the agenda is not identified as a “public hearing”, public comment is still required and can be conducted in a similar format to the modified procedures above.

All votes require a roll call with each Committee and Commission member to be named by County Staff prior to stating their vote. The Chair shall also identify by name the commissioner who initiated the motion and the name of the commissioner who seconds the motion. After a second is named, the Chair must allow County staff to complete a roll call vote.

It is possible that a delay may occur from the time the Chair calls for public comment on a project and when County staff can connect them into the zoom meeting. It is recommended that the Chair pause for 60-90 seconds after calling for public comment to allow for any connections to occur. If there are no individuals in the queue for commenting on a specific item, after 90 seconds has elapsed County staff will notify the Chair that there is no further public comment.

Staff may need to respond to emails or phone calls from members of the public during the meeting to provide assistance to the public if they encounter problems using the Zoom platform. Staff requests that the Chair allow additional time as needed to ensure that members of the public can engage in the meeting.

Zoom Instructions

Zoom links can be found in the agenda for each meeting. The public can view the meeting from their smartphone, on their computer browser, or listen on their telephone. Zoom does not require an account to attend the meeting, but if the public wishes to create one, their basic accounts are free.

It is possible that a delay may occur from the time the Chair calls for public comment on a project and when County staff can connect them into the Zoom meeting. The Chair will pause for 60 seconds after calling for public comment to allow for any connections to occur. If there are no individuals in the queue for commenting on a specific item, after 60 seconds has elapsed county staff will notify the Chair that there is no public comment.

Members of the public can also choose to watch the meeting and do not have to comment during the meeting. If a member of the public does not want to provide public comment live, they can provide public comment prior to the meeting via email to the Community Development Department Planning manager at QYaley@co.tuolumne.ca.us. If you would like your comments to be included in the record, please send comments to the above email address by 9:00 a.m. of the day of the noticed meeting.

If anyone is having technical difficulties with Zoom, they can visit Zoom's support page for helpful tips: <https://support.zoom.us/hc/en-us/categories/201146643>.

9

10 **WHEREAS**, all meetings of Board of Supervisor Planning Committee (BOSPC) and its legislative
11 bodies are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code §§ 54950 – 54963),
12 so that any member of the public may attend, participate, and view the legislative bodies conduct their
13 business; and

14 **WHEREAS**, the Brown Act, Government Code section 54953(e), makes provisions for remote
15 teleconferencing participation in meetings by members of a legislative body, without compliance with the
16 requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions and
17 requirements; and

18 **WHEREAS**, a required condition of Government Code section 54953(e) is that a state of emergency
19 is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of
20 conditions of disaster or of extreme peril to the safety of persons and property within the state caused by
21 conditions as described in Government Code section 8558(b); and

22 **WHEREAS**, a further required condition of Government Code section 54953(e) is that state or local
23 officials have imposed or recommended measures to promote social distancing, or, the legislative body
24 holds a meeting to determine or has determined by a majority vote that meeting in person would present
25 imminent risks to the health and safety of attendees; and

26 **WHEREAS**, on March 4, 2020, Governor Newsom issued a Proclamation of a State of Emergency
27 declaring a state of emergency exists in California due to the threat of COVID-19, pursuant to the California
28 Emergency Services Act (Government Code section 8625); and,

1 **WHEREAS**, on June 11, 2021, Governor Newsom issued Executive Order N-07-21, which
2 formally rescinded the Stay-at-Home Order (Executive Order N-33-20), as well as the framework for a
3 gradual, risk-based reopening of the economy (Executive Order N-60-20, issued on May 4, 2020) but did
4 not rescind the proclaimed state of emergency; and,

5 **WHEREAS**, on June 11, 2021, Governor Newsom also issued Executive Order N-08-21, which set
6 expiration dates for certain paragraphs of the State of Emergency Proclamation dated March 4, 2020 and
7 other Executive Orders but did not rescind the proclaimed state of emergency; and,

8 **WHEREAS**, as of the date of this Findings, neither the Governor nor the state Legislature have
9 exercised their respective powers pursuant to Government Code section 8629 to lift the state of emergency
10 either by proclamation or by concurrent Findings the state Legislature; and,

11 **WHEREAS**, the California Department of Industrial Relations has issued regulations related to
12 COVID-19 Prevention for employees and places of employment. Title 8 of the California Code of
13 Regulations, Section 3205(5)(D) specifically recommends physical (social) distancing as one of the
14 measures to decrease the spread of COVID-19 based on the fact that particles containing the virus can travel
15 more than six feet, especially indoors; and,

16 **WHEREAS**, the Board of Supervisors Planning Committee (BOSPC) finds that state or local
17 officials have imposed or recommended measures to promote social distancing, based on the California
18 Department of Industrial Relations' issuance of regulations related to COVID-19 Prevention through Title
19 8 of the California Code of Regulations, Section 3205(5)(D); and,

20 **WHEREAS**, as a consequence, the Board of Supervisors Planning Committee (BOSPC) does
21 hereby find that it shall conduct its meetings by teleconferencing without compliance with Government
22 Code section 54953 (b)(3), pursuant to Section 54953(e), and that such legislative bodies shall comply with
23 the requirements to provide the public with access to the meetings as prescribed by Government Code
24 section 54953(e)(2).

REQUESTED ACTION

Staff will present the draft Climate Action Plan that is available for public review, respond to questions, and receive feedback. No action is requested from the Committee members.

BACKGROUND INFORMATION

1. After the update to the General Plan in 2019, the County is required to prepare a Climate Action Plan (CAP). Development of a CAP is driven by Policy 18.A.1 in the County's 2018 General Plan. The County's CAP will identify existing and projected GHG emissions, set GHG reduction targets, establish policies and actions to meet reduction targets, integrate climate adaptation and resilience strategies, engage the community, and provide an implementation program.
2. This Climate Action Plan provides the County with a comprehensive guiding document to address the challenges of climate change. The CAP serves to reduce greenhouse gas (GHG) emissions from local sources, strengthen resilience to prepare for and adapt to climate change impacts, and implement solutions to better manage natural resources within the county. The CAP is consistent with and complementary to statewide legislation and regulatory mandates. It establishes locally based strategies, measures, and actions that will not only reduce GHG emissions and enhance climate resilience but will also improve the livability and quality of life for residents, workers, and visitors of the county.
3. The County initiated a scoping phase for the project in early 2020. For the second phase of the project, which began in October 2020, the County prepared GHG emissions inventories and forecasts, set GHG reduction targets, and conducted a climate change vulnerability assessment. After completing these tasks in June 2021, the County developed GHG emissions reduction and adaptation strategies, measures, and actions to be included in the CAP. These efforts created the foundation for developing the CAP document, which occurred between September 2021 and March 2022.
4. How to read the Climate Action Plan:
 - The CAP is divided into five main chapters. Chapter 1 introduces the county, outlines the objectives and organization of the CAP, and describes existing legislation and efforts aimed at addressing climate change. Chapter 2 summarizes the county's baseline GHG emissions, presents a forecast of future emissions, and identifies the County's emissions reduction targets. An overview of the climate adaptation planning process and a summary of the county's climate change vulnerability assessment are included in Chapter 3. The core of the CAP – the GHG reduction and adaptation strategies and measures – are included in Chapter 4, organized into five focus areas:

Health and Safety, Conservation and Recreation, Buildings, Infrastructure, and Agriculture and Forestry. Each focus area contains strategies and measures that the County will implement to reduce GHG emissions and strengthen community resilience to climate change impacts. Chapter 5 provides a framework for implementing, monitoring, and updating the CAP in the future.

- Each focus area in Chapter 4 presents strategies that serve as the foundation to help the County achieve its climate change goals. Within each strategy are one or more measures that represent specific expressions of the broad strategies. Climate change mitigation and adaptation objectives are intertwined throughout the strategies and measures. Chapter 5 includes actions associated with each measure that define the activities, projects, programs, or policies that the County will implement or support to advance its GHG reduction and adaptation goals. These actions have been identified as priorities and are intended to be implemented within the first 3 to 5 years after CAP adoption.
 - Each CAP action was evaluated qualitatively for its GHG reduction potential and climate resilience benefit. Actions were assigned a score of 1, 2, or 3 for each metric, which correspond to a low, medium, or high GHG reduction potential and low, medium, or high climate resilience benefit. The icons shown below are used throughout the CAP to indicate the score for GHG reduction potential and climate resilience benefit. Additional information regarding the scoring can be found in Chapter 5.
5. The Draft CAP document is available for public review from May 2 to June 15, 2022. Visit <https://www.tuolumnecounty.ca.gov/1332/Climate-Action-Plan> for the document. A physical document is also available for review at the Community Development Department, 48 Yaney, Sonora, Monday thru Thursday 8:30AM-12 and 1-3PM.
 6. Comments can be submitted to gyaley@co.tuolumne.ca.us, mailed to the Community Development Department, 2 South Green St, Sonora, CA 95370. Please contact Quincy Yaley at the above email address or at 209-533-5961 for any questions.
 7. The purpose of the joint meeting on May 19, 2022, is to inform all committee members and the public of the contents of the draft CAP and receive feedback. Once the public comment period is complete, a final version will be produced and will be reviewed by the Planning Commission. After review by the Planning Commission, the project will go to the Board of Supervisors for review and determination.
