Introduction

This Handbook is intended to identify and define the purpose, authority and rules governing all of the committees, organizations and partnerships that Board members are appointed to serve on as well as those to which the Board appoints members of the public to serve on. The Board shall annually reevaluate the committees contained in this Handbook to ensure that it is participating only in those that the Board has approved as necessary or otherwise desirable to efficiently and effectively govern the County. Accordingly, this document is considered a living document to be updated prior to the beginning of each calendar year to assist in the process of appointments made by the incoming Board Chair as well as the full Board.

The 2018 Handbook has been modified to reflect minor changes compared to the 2017 Handbook. For ease of reference and to assist in understanding their primary function, these entities are broken into 10 categories as follows:

- Policy Advisory Committees: 6
- Operations Advisory Committees: 8
- Local Organizations Required by Statute: 2
- Joint Powers Authorities: 10
- Advocacy Organizations: 3
- Community Organizations: 4
- Local & Regional Partnerships: 12
- Planning Commission & Advisory Committees: 5
- Hearing Boards: 3
- Cemetery Districts: 5

58

In keeping with the Board’s goal to increase citizen access to information and outreach, staff will maintain the most recent version of this Handbook on the County website. As a further service to the public, staff will place on the website those who currently serve on the County’s committees and commissions (i.e. Policy Advisory Committees, Operations Advisory Committees, and Planning Commission and Advisory Committees), information on openings and applications for same.
Policy Advisory Committees

The Board of Supervisors is the policy-making body of the County of Tuolumne. No other County official, representative and/or committee may make policy on behalf of the County of Tuolumne unless expressly authorized by federal or state law, County ordinance or resolution and/or other act of delegation by the Board of Supervisors. The Board of Supervisors desires to utilize policy advisory committees to improve the effectiveness and efficiency of the full Board.

Purpose

The Board of Supervisors desires to create policy advisory committees. Policy advisory committees exist in order to serve the full Board by:

1. Insuring policy items coming to the full Board are mature:
   - the policy issue has been properly defined
   - all reasonable alternatives relative to a particular policy issue have been identified, researched and considered
   - recommendations are clear and well substantiated
2. Providing a place for investigation of specific policy issues brought to the full Board’s attention by members of the Board and/or public; and
3. Providing a forum for early and complete public vetting of potentially controversial policy issues.

Authority

The authority of any Board policy committee stems from the full Board which defines and limits said authority as follows:

1. Through the Board approved purpose statements for each committee;
2. Committees are not to address and/or direct departmental operational issues;
3. Committees shall serve in an advisory capacity only to the full Board;
4. Committees shall serve to support decision-making by the full Board;
5. Committees cannot direct or initiate policy action, establish departmental work priorities and/or commit County resources without authorization of the full Board; and
6. Annual committee work programs shall be developed and forwarded to the full Board for approval as to the items to be worked on, the priority order in which they should be addressed and the use of resources to pursue same.
Rules

The Board of Supervisors desires to create general rules to govern the conduct of all of its policy advisory committees. Those general rules shall be as follows:

1. The committee chair and vice-chair shall be members of the Board of Supervisors as annually appointed by the Board Chair;
2. Meetings shall be scheduled on a monthly basis. Additional meetings can be scheduled as may be required;
3. Agendas shall be set by the chair after consultation with the committee secretary. The committee secretary will issue and properly post committee meeting agendas;
4. Committee meetings are subject to the open meeting laws contained in the Ralph M. Brown Act including requirements for proper posting and noticing of agendas, opportunities for public comment, etc.…
5. Committee meetings will be rescheduled if neither the chair nor vice-chair are present;
6. Meetings of the Planning, Solid Waste and Housing Policy Committees require the committee chair or vice-chair to be present and a majority of the voting members to be present;
7. All committee agenda items should be presented through a staff report that discusses the policy issue at hand, alternative approaches to address the policy issue and staff’s preliminary recommendation. Staff reports are needed to focus committee deliberations and insure agenda items are sufficiently mature for preliminary discussion.
8. The dual goals for complex policy issues coming to the full Board are that they have been fully researched and have a committee recommendation associated with them. If a recommendation cannot be reached (via consensus or formal vote), the staff report should reflect that the item had been reviewed by the committee but is coming to the Board without a recommendation;
9. Summary minutes of committee meetings shall be prepared by the committee secretary and adopted by the committee;
10. Committee chairs are expected to report back to the full Board on activities of their respective committees; and
11. Committee members shall be required to adopt a Conflict of Interest Code for the committee and annually file a statement of economic interests pursuant to Chapter 7 of the California Government Code commencing with Section 87100.
12. In the event a regular delegate of any Board committee, commission or other organization cannot attend a meeting and the designated alternate is unable to attend in their place, any other member of the Board of Supervisor may serve as an alternate for that meeting. It will be the responsibility of the regular delegate who cannot attend a meeting to find their replacement and arrange for information for the meeting (e.g. agendas, back-up materials, etc…) to be provided to the alternate.
**Planning Committee**

**Purpose Statement:** The Planning Committee serves as an advisory group to the Board of Supervisors for reviewing, commenting on and recommending new and/or modifications to existing policy related to land use and development regulations. Such changes to land use policy are most typically made through changes to the General Plan and/or County Ordinance Code. In conducting its work, the Committee is to attempt to balance the needs of the individual with the needs of all county residents by encouraging economic growth and promoting the stewardship of the county’s natural resources and cultural heritage.

*Proposed changes to the General Plan or Zoning Ordinance shall not go from the Planning Committee to the County Planning Commissions without first being reviewed by the full Board.*

**Authorizing Legislation:** Tuolumne County General Plan (1979)

**Membership:** Seven (7) voting members:
