FAMILY DISASTER KIT

Your family will cope best by preparing for disaster before it strikes. One way to prepare is by assembling a Disaster Supplies Kit. Once disaster hits, you will not have time to shop or search for supplies. But if you have gathered supplies in advance, your family can endure an evacuation or home confinement.

To Prepare Your Kit

Review the checklist below Gather the supplies that are listed.

Place the supplies you would most likely need for an evacuation in an easy-to-carry container.

There are six basics you should stock in your home: water, food, first aid supplies, clothing and bedding, tools and emergency supplies and special items.

WATER

Store water in plastic containers such as soft drink bottles. Avoid using containers that will decompose or break, such as milk cartons or glass bottles. A normally active person needs to drink at least two quarts of water each day. Hot environment and intense physical activity can double that amount. Children, nursing mothers and ill people will need more.

Store one gallon of water per person	
per day (two quarts for drinking, two	
quarts for food preparation/sanitation)	

Ш	Keep at least a three-day supply of
	water for each person in your
	household.

FOOD

	~ ~
Store at least a three-day supply on non-peris	hable food. Select foods that require no
refrigeration, preparation or cooking and little	e or no water. If you must heat food, pack a
can of sterno. Select food items that are com	pact and lightweight.
☐ Ready-to-eat canned meats, fruits	□ Vitamins

Ready-to-eat canned meats, fruits and. vegetables.	Vitamins Foods for infants, elderly persons
Canned juices, milk, soup	or Person on special diets
(if powdered, store extra water)	Comfort/stress foods - cookies,
Staples- sugar, salt, pepper	Hard candy, sweetened cereals,
High energy foods – peanut butter,	Lollipops, instant coffee, tea bag
Jelly, crackers, granola bars, trail	
mix	

FIRST AID KIT

~~~~

Assemble a first aid kit for your home and one for each car. A first aid kit should include the following:

|        | Sterile adhesive bandages in assorted   | Non-prescription drugs                                                                   |
|--------|-----------------------------------------|------------------------------------------------------------------------------------------|
|        | Sizes                                   | ☐ Aspirin or nonasprin pain reliever                                                     |
|        | 2-inch sterile gauze pads (4-6)         | ☐ Anti-diarrhea medication                                                               |
|        | 4-inch sterile gauze pads (4-6)         | <ul><li>☐ Antacid (for stomach upset)</li><li>☐ Syrup of Ipecac (use to induce</li></ul> |
|        | Hypoallergenic adhesive tape            | Vomiting if advised by the Poison                                                        |
|        | Triangular bandages (3)                 | Control Center)                                                                          |
|        | 2-inch sterile roller bandages (3 roll) | ☐ Laxative                                                                               |
|        | 3-inch sterile bandages (3 roll)        | ☐ Activated charcoal (use if advised by                                                  |
|        | Scissors<br>Tweezers                    | the Poison Control Center)                                                               |
|        | Needle                                  |                                                                                          |
|        | Moistened towelettes                    |                                                                                          |
|        | Antiseptic                              |                                                                                          |
|        | Thermometer                             |                                                                                          |
|        | Tongue blades (2)                       |                                                                                          |
|        | Tube of petroleum jelly or other        |                                                                                          |
